Dear Students,

Welcome back! We are excited to support your journey in School of Creative Media and enhance your learning experiences. We have some important updates and resource arrangements in the Testing Equipment Pool that will further enrich your studies in SCM:

1. PC Laptops with Specialized Software:
   12 new PC laptops will be available in the Testing Equipment Pool, equipped with the specialized software, such as Adobe Creative Suite, Maya, Houdini, Rhino, …

2. New MacBook Pro Purchased:
   11 additional MacBook Pro with M4 Pro chips are added to the Testing Equipment Pool.

3. More equipment added to the Testing Equipment Pool:
   Davinci Resolve Studio dongles, Insta360 x4 Action Cam, DJI Osmo Pocket 3 camcorder, Godox P120 LED Light, Portable SSD, and so on.

   Students may reserve equipment (or venue) from the Testing Equipment Pool for up to 4 days without the need for approval from their course instructor. For details, please refer to here.

Other Updates:

1. New iPads for Animation Course Students:
   iPad Pro will be available for SM3146 students starting from Week 3.

2. Drawing Machines:
   A new locker for Drawing Machines has been set up outside M7024/M7026. Detailed arrangements will be announced by course leaders.

3. 3D Printer:
   The 3D printers previously located in M6076 have been relocated to M6009 Project Room 5.

4. Upcoming Wood Workshop Safety Orientation Schedule:
   The upcoming schedule for January and February 2026 is
   January 19, 26, 29 & February 3, 6, 9, 26
   Please refer to here for more information.

For more information about our services, visit the Production Equipment Centre website and the SCM IT Support Team website. Should you have any queries, please contact us at prodctr@cityu.edu.hk and scm.it@cityu.edu.hk

Wishing you all success in your studies!

Best regards,

Production Equipment Centre and SCM IT Team
